IMPORTANT INFORMATION FOR OUR PATIENTS

- As a courtesy, our staff will assist you in obtaining maximum dental insurance benefits. Your estimated dental insurance co-payments and deductibles are due at the time of service. We accept **VISA, MASTERCARD, DISCOVER, AMERICAN EXPRESS AND MOST DEBIT CARDS.**

- We now offer ***EASY PAY.*** This allows you to pay up to $500.00 over a period of 3 months with your debit or credit card. Please ask us for details.

- It is the patient's responsibility to carefully read his/her benefits booklet. This is very important, as your insurance company may have waiting periods or clauses that we are unaware of.

- Most insurance companies have a benefit maximum. This means the maximum dollar amount the insurance company will pay per benefit year. The average maximum an insurance company will pay per covered person is $1,000.00 to $2,000.00 per benefit year. This includes regular cleanings, exams and x-rays. It is a good idea for you to keep track of benefits you are using, especially if you are having extensive dental work.

- Most insurance companies pay on a percentage basis. For example, cleanings, exams and x-rays on average are paid at 100%, fillings, root canals and periodontics at 80%, and bridges dentures and crowns at 50%. Again, this is only an example of an average dental plan. Dental plans can vary greatly, so please read your insurance booklet carefully.

- Some insurance companies pay on a flat fee schedule, rather than a percentage basis. If your insurance company pays on a flat fee schedule, please obtain a copy of the fee schedule for our office to keep in your file. This will enable us to assist you in estimating your out-of-pocket costs.

- If the dentist recommends scaling and root planing, also known as a deep cleaning, **please be advised the average insurance company <u>does not</u> cover this at 100%, but generally 80%, and sometimes 50%. It is <u>very important</u> to talk with the Financial Coordinator about your co-payments prior to this procedure.**

- Our estimates are based on information provided by you and your dental insurance company. We do not guarantee benefits. If insurance payment is not received in a timely manner, the entire balance is due from you. You may then obtain reimbursement directly from your insurance company.

- Insurance companies do not cover missed appointment fees. Notification of cancellations must be received 48 hours prior to your appointment to avoid a missed appointment fee. Missed appointment fees are calculated on a hourly basis. Therefore, if you are scheduled for a lengthy appointment it is best to make sure it is convenient with your schedule to avoid costly missed appointment fees.

- Please call our Financial Coordinator at least 24 hours prior to each dental visit to go over your out-of-pocket expense that is due at the time of your appointment. Our Financial Coordinator is available Monday through Friday until 4:30 pm and can also provide additional assistance with your insurance benefits, account questions, or an easy payment plan.

I have read and understand the above patient information.
